

QuickPrint Desktop Installation Guide (Mac OSX)

- 1. Download your QP installer from <u>https://helpcentre.adstream.com/hc/en-us/articles/4856032346004-Quickprint-Upgrade</u>
- 2. Double click the QP.. .dmg to show the .dmg contents.
- 3. Drop the QuickPrint app into the **Applications** folder alias.

4. Double click **QuickPrint.app** in your application folder to begin install QP.

5. Under "Region", click on "Australia -N.Z" and click "Next".

Australia - N.Z.	0		

 You may get the below screen for authentication. Please follow the steps below to complete the details using the login credentials provided by Adstream. Example - Site code: 1st column : express 2nd column :demo Password: abc123

Once your username and password have been entered, click the blue link located at the bottom of the Authentication window.

	Site Code:	express	demo	
	Password:		actio	
		(case sensitive)		
	Username:	Macbook1		
Corr	puter Name:	Macbook1		
	Serial #:	560999568+QP5		
Auth	nentication #:			
	h	ttp://authentication.qu	ickcut.com.au/authenticate.aspx	

After clicking the blue link, the QuickPrint authentication key code will auto-populate the Authentication Code field.

 Click on "Create New Database..." to setup your account on QuickPrint. Then click "Next".

9.1 Select the desired countries you wish to send adverts to. Eg choose "Malaysia" if you wish to send your advert to a Malaysian publisher.

9.2 Select "All publications from country" for every publication or "Selected publications from country" if you want to send to a specific publisher only.

9.3 Then click "Next".

•
